

IMINERS

Iminers is a company focusing on exploiting market making events such as major press releases or regular SEC filings. We offer an AI-based trading strategy (or trading signal) based on highly accurate estimates of various company KPIs.

PERFORMANCE

yield per annum	100%
win rate	60%+
average yield per trade	0.4%

The strategy was backtested throughout the years 2015-2020 in which it always yielded positive returns (100% p.a.) via 250 independent 30-minute positions. The strategy bet on undervalued and overvalued assets using long and short positions in 60:40 ratio.
